

INTRA-EU MOBILITY

A CASE FOR ADHERING TO

THE SEPA PROXY LOOKUP (SPL) SCHEME

The SPL scheme covers the exchange of the data necessary to initiate payments between proxy-based payment solutions on a pan-European level.

Interested in joining the SPL scheme? Check out the intra-EU mobility data highlighting the market potential:

Labour Mobility¹

- About 17.6 million “movers” (including dependents)
- 75% of “movers” located in Germany, UK, Italy, France or Spain and mainly coming from Romania, Poland, Portugal, Italy or Bulgaria
- In addition 1.5 million “cross-border workers” (mainly coming from France, Germany or Poland)

Erasmus+ Programme²

- Over 325,000 students enrolled on a yearly basis
- 52% of students coming from France, Germany, Spain or Italy
- In total about 740,000 people (students, trainers etc.) involved in the programme and (temporarily) moving abroad

Tourism/travel³

- Approximately 240 million outbound trips (with at least one overnight stay) on a yearly basis
- About 58% of nights spent abroad in Spain, Italy, France, Austria or Germany
